

Mango Tree (feat. Sara Bareilles)

Zac Brown Band

Waiting for the sunlight to come rising from the sea
We lay under cover shaded by the Mango Tree
We could stay forever, never leave this paradise
Swayin' in the ocean breeze to the rythm of the tide Tomorrow
Ohh Tomorrow
Take your time cause we got time to borrow
I love you
Say that you love me too
We can turn the whole world upside down
Just us two
Nobody else will do
Cause baby you're the only one for me
Undreneath the Mango Tree
(Sara)
Drifting like the ocean
Daydreams dancing in the wind
Sand is sticking to our bodies
Just like sugar on our skin
The day is getting older
Ohhh but we are still so young
Higher than the stars above and fit in like the sun(Both)
Tomorrow
Ohhh Tomorrow
take your time cause we got time to borrow
I love you
Say that you love me too
We can turn the whole world upside down
Just us two
(Zac)
Nobody else will do
(Sara)
It's me and you
(Zac)
Cause baby you're the only one for me
(Both)
Undreneath the Mango Tree(Zac)
I love you
(Sara)
I know you do
(Zac)
Say that you love me too
(Sara)

I love you too
(Zac)
We can turn the whole world upside down
Just us two
(Sara)
Its me and you
(Zac)
Nobody else will do(Zac)
Baby you're the only one for me
(Sara)
Baby you're the only one for me(Both) Underneath the Mango Tree
