

Goodbye

Chris Young

Knock on my door, you're on the porch, it's about 11: 30
That only means one or two things
Either you're a little bit lonely
or something ain't right, and judging by that tear in your eye
You're about to say something crazy, like goodbye
Stop right there, don't say a word
Just let me hold you
Girl we can fix whatever it is
So whatever you do, don't let us die
The love of a life time is worth at least a million tries
Baby what we got is too good for goodbye
This ain't a game I'm trying to play
Girl we've got something real here
You don't just break up whenever it gets tough
So baby don't you leave here
I want you to say you're gonna stay
And we're in this thing forever
Come whatever
So stop right there, don't say a word
Just let me hold you
Girl we can fix whatever it is
So whatever you do, don't let us die
The love of a life time is worth at least a million tries
Baby what we got is too good for goodbye
Stop right there, don't say a word
Just let me hold you
Girl we can fix whatever it is
So whatever you do, don't let us die
The love of a life time is worth at least a million tries
Baby what we got is too good for goodbye
