

Rich \$ex

Future

I got my diamonds on
You got your diamonds on
Watches on watches
I looked at her and I said, "Beautiful"
Baby let's go have rich sex
Baby let's go have rich sex
Make a little love, have rich sex
Rich sex, bitchBaby let's go and have rich sex
Make a little love, have rich sex
Baby let's go and have rich sex
Baby girl, let's have some rich sex
I'ma keep my AP on while I do it
We can keep an AP on while we do it
You can keep your Rollie on when I get to it
You can keep your Rollie on when I get to it
When you look down, see my chains on
When you look down, see my chains on
When you're ridin' on me, see my chains on
When you're ridin' on me, keep my chains on (VVS)
Baby we can go and have rich sex
Baby girl, go and have rich sex
You ain't ever ever had rich sex
You ain't ever ever had rich sex
Never made love to a misfit
You never made love to a misfit
Come and kick a deal on some rich shit
I'ma keep it pimpin' on some rich shit
We can do the show on the jet lift
Fuckin' in the air on the jet, bitch
We can do the LA petty cruisin' over Vegas
Hundred thousand dollars for a watch, count fetti
Kiss on a nigga with his chains on, glizzy
Fuck so good, got both of us dizzy
Do it lowkey, profile, get busy
Do it lowkey, profile, get busy
Got the Audemars Piguet on fleek
Got my number one freak in the sheets
And all she want is the D
And for me to keep this ice on me
Baby let's go and have rich sex
Make a little love, have rich sex
Baby let's go and have rich sex

Baby girl, let's have some rich sex
 I'ma keep my AP on while I do it
 We can keep an AP on while we do it
 You can keep your Rollie on when I get to it
 You can keep your Rollie on when I get to it
 When you look down, see my chains on
 When you look down, see my chains on
 When you're ridin' on me, see my chains on
 When you're ridin' on me, keep my chains on (VVS)
 Baby we can go and have rich sex
 Baby girl, go and have rich sex
 You ain't ever ever had rich sex
 You ain't ever ever had rich sex
 Let's stop for a while, have recess
 Let's stop for a while, have recess
 Let's kiss for a while, have recess
 Let's touch for a while, have recess
 Do it for a while like a replay
 Let me see you wind that ass up like a DJ
 Run that back like a DJ
 I know you see this big face
 Chandelier froze for a bad one
 Come and kick game in your ear while I smash you
 And I keep them thangs in my ear while I'm stabbin'
 And I catch you hot like the flame and the passion
 And I got the flash on deck, no battery
 And I have some Tom Fords on while you suckin' me
 Cuban link hang off my neck, to your nip from my neck
 To my watch and my chain, it's gon' drizzle, gon' drizzle
 Baby let's go and have rich sex
 Make a little love, have rich sex
 Baby let's go and have rich sex
 Baby girl, let's have some rich sex
 I'ma keep my AP on while I do it
 We can keep an AP on while we do it
 You can keep your Rollie on when I get to it
 You can keep your Rollie on when I get to it
 When you look down, see my chains on
 When you look down, see my chains on
 When you're ridin' on me, see my chains on
 When you're ridin' on me, keep my chains on (VVS)
 Baby we can go and have rich sex
 Baby girl, go and have rich sex
 You ain't ever ever had rich sex
 You ain't ever ever had rich sex
