Baby we can go and have rich sex

Baby girl, go and have rich sex

You ain't ever ever had rich sex

You ain't ever ever had rich sexLet's stop for a while, have recess

Let's stop for a while, have recess

Let's kiss for a while, have recess

Let's touch for a while, have recess

Do it for a while like a replay

Let me see you wind that ass up like a DJ

Run that back like a DJ

I know you see this big face

Chandelier froze for a bad one

Come and kick game in your ear while I smash you

And I keep them thangs in my ear while I'm stabbin'

And I catch you hot like the flame and the passion

And I got the flash on deck, no battery

And I have some Tom Fords on while you suckin' me

Cuban link hang off my neck, to your nip from my neck

To my watch and my chain, it's gon' drizzle, gon' drizzleBaby let's go and have rich sex

Make a little love, have rich sex

Baby let's go and have rich sex

Baby girl, let's have some rich sex

I'ma keep my AP on while I do it

We can keep an AP on while we do it

You can keep your Rollie on when I get to it

You can keep your Rollie on when I get to it

When you look down, see my chains on

When you look down, see my chains on

When you're ridin' on me, see my chains on

When you're ridin' on me, keep my chains on (VVS)

Baby we can go and have rich sex

Baby girl, go and have rich sex

You ain't ever ever had rich sex

You ain't ever ever had rich sex
