

Hot Thing (feat. A\$AP Rocky)

Usher

Hot thing, hot thing
Hot thing, hot thing
Hot thing
What's up with it?
Hot thing
What's up with it?
Hot thing
What's up with it? Shawty got a body that jeans can't hold
And she moving like she learned everything from the pole
And she loved to party, number one hobby
Out till the morning, better ask somebody Talk to the girl, talk to the one, oh
What will happen to you, when she hear sound
Tell her shake it up, tell her hit the ground, oh, oh
Gonna face time, see if she's down
She's a girl from the future, says she's sick and tired of the old
Oh, oh, so so all can hit the road
Man you only know if you know Chorus:
Hot thing, hot thing
Hot thing, hot thing
Hot thing, hot thing
Hot thing, hot thing
Hot thing
What's up with it?
Hot thing
What's up with it?
Hot thing
What's up with it? Seen her amazing, she stopped and posed
When she seen the green one she just go, go, go
Like a stolen Bugatti, got money in your pocket
That makes you a Willy Parker, really pop a body
Talk to the girl, talk to the one, oh
What will happen to you, when she hear sound
Tell her shake it up, tell her hit the ground, oh, oh
Gonna face time, see if she's down She says you most have money in your wallet till the thing
dout fold
Unless his credit cards black not gold
Now you only know what you know
For real, she's a hot thing Chorus:
Hot thing, hot thing
Hot thing, hot thing
Hot thing, hot thing
Hot thing, hot thing Hot thing
