

# Smoke & Wine

## Hank Williams III

Well, I have got no money but I am doin' fine.  
I'm just a hillbilly hell-raiser; I'm tryin' to kill my time.  
An' I'm lookin' for that gal, about five foot ten.  
An' I'm gonna take her down that road of livin' a life of sin. Because I'm drinkin', druggin': I'm  
havin' lots of fun.  
I always carry round my loaded shotgun.  
If I think I'm gonna have a bad time,  
I got a little bit of smoke an' a whole lotta wine.-Instrumental break-  
Well, I once had this gal: I thought she'd be my bride.  
But then she had to leave my ass for that other guy. An' now I'm drinkin', druggin': I'm havin'  
lots of fun.  
I always carry round my loaded shotgun.  
If I think I'm gonna have a bad time,  
I got a little bit of smoke an' a whole lotta wine.-Instrumental break-Well, I don't really care if  
you hate me, you see,  
'Cause I'm just a country boy from the state of Tennessee.  
A little bit crazy, on the loudish side,  
'Cause I like drink my whiskey an' I like to get high.  
An' now I'm drinkin', druggin': I'm havin' lots of fun.  
I always carry round my loaded shotgun.  
If I think I'm gonna have a bad time,  
I got a little bit of smoke an' a whole lotta wine.
