

Classic (feat. Fetty Wap & Powers)

The Knocks

One, two, three, four
Come to me baby, don't be shy
Don't be shy, don't be shy
Come to me baby don't be shy
It was a summer time, that summer high
Oh what a masterpiece
The way your eyes met mine
Sweet like apple pie, caught in your energy
The future came to me, I see
Yeah, it feels so classic
You and me, the magic
And I know we have it
Cause it feels, yeah, it feels, yeah, it feels so classic
Cause it feels, yeah, it feels, yeah, it feels so classic
Come to me baby, don't be shy
Don't be shy, don't be shy
Come to me baby don't be shy
So classic
Come to me baby, don't be shy
Don't be shy, don't be shy
Come to me baby don't be shy
So classic
Oh what a summer time, when we lost our minds
Between the birds and bees
Buzzing in the blue sky till the full moon rise
Playing with chemistry
Baby are you with me,? Oh
Yeah, it feels so classic
You and me, the magic
And I know we have it
Cause it feels, yeah, it feels, yeah, it feels so classic, mmm
Cause it feels, yeah, it feels, yeah, it feels so classic, mmm
Come to me baby, don't be shy
Don't be shy, don't be shy
Come to me baby don't be shy
So classic
Come to me baby, don't be shy
Don't be shy, don't be shy
Come to me baby don't be shy
So classic
We're just looking for the fun here
We don't know what's gonna come, yeah
Just looking for the fun here
We don't know what's gonna come, yeah
Cause it feels, yeah, it feels, yeah, it feels so classic,
mmm
Cause it feels, yeah, it feels, yeah, it feels so classic, mmm
Come to me baby, don't be shy
Don't be shy, don't be shy
Come to me baby don't be shy
So classic
Come to me baby, don't be shy
Don't be shy, don't be shy

Come to me baby don't be shy
So classicSo classic
