## Classic (feat. Fetty Wap & Powers)

## The Knocks

One, two, three, fourCome to me baby, don't be shy
Don't be shy, don't be shy

Come to me baby don't be shyIt was a summer time, that summer high

Oh what a masterpiece

The way your eyes met mine

Sweet like apple pie, caught in your energy

The future came to me, I see Yeah, it feels so classic

You and me, the magic

And I know we have it

Cause it feels, yeah, it feels, yeah, it feels so classic

Cause it feels, yeah, it feels, yeah, it feels so classic

Come to me baby, don't be shy

Don't be shy, don't be shy

Come to me baby don't be shy

So classicCome to me baby, don't be shy

Don't be shy, don't be shy

Come to me baby don't be shy

So classicOh what a summer time, when we lost our minds

Between the birds and bees

Buzzing in the blue sky till the full moon rise

Playing with chemistry

Baby are you with me,? OhYeah, it feels so classic

You and me, the magic

And I know we have it

Cause it feels, yeah, it feels, yeah, it feels so classic, mmm

Cause it feels, yeah, it feels, yeah, it feels so classic, mmm

Come to me baby, don't be shy

Don't be shy, don't be shy

Come to me baby don't be shy

So classicCome to me baby, don't be shy

Don't be shy, don't be shy

Come to me baby don't be shy

So classicWe're just looking for the fun here

We don't know what's gonna come, yeah

Just looking for the fun here

We don't know what's gonna come, yeahCause it feels, yeah, it feels yeah, it feels so classic, mmm

Cause it feels, yeah, it feels so classic, mmmCome to me baby, don't be shy

Don't be shy, don't be shy
