## **Love Incredible (feat. Camila Cabello)**

## **Cashmere Cat**

I forgot the feeling The feeling of being alone but not lonely I guess when you touch me My fears and my secrets belong to you only Close the door behind you Just let me love you, slow you, hold you My mind stays on you So does my body, let me show youBut I wanna go through And I wanna need you Could you be my muse? Lately all I think about is you I'm never sick about it This love's incredible-credible Have a little mercy on me, baby, you got me Wanting more, wanting more Of your love-ove

Of your love-ove Incredible-credible

Have a little mercy on me, baby, you got me Wanting more, wanting more Of your love-oveI know you've been hurt

By the way that you look away

From me too early

You don't like to talk about it

And that's fine, I get it

So don't worry

But I wanna go through

And I wanna need you

Could you be my muse?

Lately all I think about is you

I'm never sick about itThis love's incredible-credible

Have a little mercy on me, baby, you got me

Wanting more, wanting more

Of your love-ove

Incredible-credible

Have a little mercy on me, baby, you got me

Wanting more, wanting more

Of your love-oveWanting more, wanting more

Of your love

Wanting more, wanting more

Of your love

This love

Wanting more, wanting more

Love Incredi-ble
Your love
Your love
Love Incredi-ble
Your love
Your love
Love
