

Limbo

Yello

Why don't you leave me alone
Why don't you answer the phone
I got nu clue where to go
Cos I'm in limbo
I'm in limbo Why do you shake it shake it
You got to get to grasp??
I cannot take it take it
You're never mine I'm feeling sad
Cause I'm in limbo
I'm in limbo
I'm in limbo
I'm in limbo I wanna jump onto that train
Train when this feeling no complain
I know you got to hold me tight
I will be cruising through that night
I'm in limbo Ey I'm in limbo
I'm in limbo Why don't you leave me alone
Why don't you answer the phone
I got no clue where to go
Cos I'm in limbo
I'm in limbo
I got to tell you all the same
I wanna see that dancing flame
Please let me get into that flow
Cos I'm in limbo
I'm in limbo
I'm in limbo
I'm in limbo I wanna jump onto that train
Train when this feeling no complain
I know you got to hold me tight
I will be cruising through that night I wanna jump onto that train
Train when this feeling no complain
I know you got to hold me tight
I will be cruising through that night
I'm in limbo
