

# Breathe You In

Dierks Bentley

I've never been the kind  
to bear my heart and soul.  
Yeah, I've always taken pride  
in stayin' in control.  
I told myself I'd never fall too deep.  
But girl you came along  
and made a liar out of me.  
I'm as gone as I can be. I wanna breathe you in,  
I wanna be so close,  
you can wear my skin  
like a new set of clothes.  
So you can't even tell  
where you end and I begin.  
I wanna breathe you in  
I wanna breathe you in  
Your silhouette  
and moonlight on the wall  
as you crawl across the bed  
beats all I ever saw.  
The smell of your hair  
falling on my face,  
those red wine kisses,  
give a buzz with just one taste. Girl you blow me away. I wanna breathe you in,  
I wanna be so close,  
you can wear my skin  
like a new set of clothes.  
So you can't even tell  
where you end and I begin.  
I wanna breathe you in  
I wanna breathe you in  
Again and again and again,  
until the sun comes up.  
Again and again and again,  
I can't get enough,  
I can't get enough. I wanna breathe you in,  
I wanna be so close,  
you can wear my skin  
like a new set of clothes.  
So we can't even tell  
where you end and I begin.  
I wanna breathe you in  
I wanna breathe you in
