

With You

3T

Girl it's so unreal
The way you make me feel
I've got to give it up to you
Girl sometimes it seems
What you really need
Is someone who will be right here with you Oh girl I think I love ya
(It's no mistake)
I am here for you
I came to tell you baby
(Love's here to stay)
So you'll never feel so sad or lonely again
Baby you can call me crazy
There's nothing that I wouldn't do
Girl I wanna spend my life with you
(I wanna be, I wanna be)
Even though you're not my lady
All I wanna really do
(All I wanna do)
Is spend my life and be right here with you
So if you ever need
Sensitivity
Baby you know just where to go
'Cause girl it seems to me
To one thing that you really need
Is someone who will be right here with you
