With You

3T

Girl it's so unreal The way you make me feel I've got to give it up to you Girl sometimes it seems What you really need Is someone who will be right here with youOh girl I think I love ya (It's no mistake) I am here for you I came to tell you baby (Love's here to stay) So you'll never feel so sad or lonely again Baby you can call me crazy There's nothing that I wouldn't do Girl I wanna spend my life with you (I wanna be, I wanna be) Even though you're not my lady All I wanna really do (All I wanna do) Is spend my life and be right here with you So if you ever need Sensitivity Baby you know just where to go 'Cause girl it seems to me To one thing that you really need Is someone who will be right here with you Song Discussions is protected by U.S. Patent 9401941.
