

# Pipe Dreams

Nelly Furtado

Don't sell me no pipe dreams  
I wanna live with you through everything  
Don't sell me no pipe dreams  
I wanna live with you through everything  
Don't sell me no pipe dreams  
I wanna live in a kaleidoscope  
Don't sell me no pipe dreams  
Wanna be the one to spin the wheel I know that we can only give  
When we have hope  
I don't wanna live  
Without any goals  
Can't protect me from nothing  
Can't save me from the truth  
You can't even save me from  
You  
So don't sell me no pipe dreams  
I wanna feel the good and bad in everything  
Even when it hurts, even when it hurts I know that we can only give  
When we got a little hope  
But I don't like the burden  
Of living with these ghosts  
Yes I will hold my head high  
When I walk in your parade  
But I will always check my gait  
I will always watch my gait  
Pipe dreams  
Pipe dreams  
Pipe dreams  
Pipe dreams  
If I can't really know you, I'd rather walk on  
If I can't really know you, I'd rather walk on  
If I can't really know you, I'd rather walk on  
Walk on, walk on  
If I can't really know you, I'd rather walk on  
If I can't really know you, I'd rather walk on  
If I can't really know you, I'd rather walk on  
Walk on, walk on  
If I can't really know you, I'd rather walk on  
If I can't really know you, I'd rather walk on  
If I can't really know you, I'd rather walk on  
Walk on, walk on  
If I can't really know you, I'd rather walk on

If I can't really know you, I'd rather walk on  
If I can't really know you, I'd rather walk on  
Walk on, walk on
