## **Chase Dreams**

## **Kalin and Myles**

Ridin' around in the whip mobbin'
Turnt up we don't got a problem
Headed to the top from the bottom
Chase dreams you know we ain't stoppin'
Ridin' around in the whip mobbin'
Turnt up we don't got a problem
Headed to the top from the bottom

Chase dreams you know we ain't stoppin'Got a couple bad ones in the backseat

Can you turn the bass up is what they ask me

And I don't really run fast you can catch me

But I, I dream chase like an athlete

And I be getting' super hyfy in the function

Let me hit my this face its nothing

Got my whole team with me and its rockin'

Vans to the 4th told em how I rock em

Stared making music on volmac

Kamfam took it all around the map

Bless prayer hands

Day one and right now is all fam

I need a thai tea yea some tapioca and some ice please

Gonna be a good day and I could feel it

Just keep you head up cause its time to go and get it

YBM what's up

Ridin' around in the whip mobbin'

Turnt up we don't got a problem

Headed to the top from the bottom

Chase dreams you know we ain't stoppin'

Ridin' around in the whip mobbin'

Turnt up we don't got a problem

Headed to the top from the bottom

Chase dreams you know we ain't stoppin'I ain't worried about a thing

And if you got some friends in this alright

Chase dreams you know we ain't stoppin'You gotta work it like it ain't gon' go And pick it back up if you end up on the floor

Cause you know we chase dreams
Don't ever think you can't
Yeah its K and M in this thing like

And pick it back up if you end up on the floor

Cause you know we chase dreams

Don't ever think you can't

Yeah its K and M in this thing like

YeeRidin' around in the whip mobbin'

Turnt up we don't got a problem

Headed to the top from the bottom

Chase dreams you know we ain't stoppin'

Ridin' around in the whip mobbin'

Turnt up we don't got a problem

Headed to the top from the bottom

Chase dreams you know we ain't stoppin'
