

I Can't Help Falling In Love

Kenny Rogers

Wise a man said
Only fool will rush
But I can't help falling in love with you. Should I stay
Would it be the same
If I can't help falling in love with you. Like the river flow
Shedding to the sea
Daring so it goes
Something are meant to be.
Take my hands Take my whole life, too
For I can't help falling in love with you.
Like the river flow
Shedding to the sea
Daring so it goes
Something are meant to be.
Take my hands
Take my whole life, too
For I can't help falling in love with you...
