

# Close Enough (feat. Noosa)

## Ghost Beach

No, stop now, you're all I ever think,  
Seek me out, what you waiting for?  
I never had or want for anybody. Close enough to feel it  
But far enough to laugh  
Who am I to call everything mine? Get it back in your heart  
Get it out of your clothes  
'Cause I'm lost in my head  
And I need you to let go  
When I walk in the door  
I just wanna be whole  
Get it back in your heart  
Get it out of your clothes.  
This is my heart, this is all I ever think  
Picking myself, it's too late again  
You to have fun, but the way you are with everyone  
Would you do it again? Close enough to feel it  
But far enough to laugh  
All that I can fear is my heart. Get it back in your heart  
Get it out of your clothes  
'Cause I'm lost in my head  
And I need you to let go  
When I walk in the door  
I just wanna be whole  
Get it back in your heart  
Get it out of your clothes. This is my hope, this is all I ever waited  
Change your mind, what you waiting for?  
And this is so, you want it anyway.  
Every now and then I get a bit crazy  
I never know why it comes back to me  
There you are and everything changes. Get it back in your heart  
Get it out of your clothes  
'Cause I'm lost in my head  
And I need you to let go  
When I walk in the door  
I just wanna be whole  
Get it back in your heart  
Get it out of your clothes.
