Comin' Back

The Crystal Method

I know that I don't understand
Where my feelings roam
I've got to look outside again
And wonder where I have goneI looked into someone's eyes again
And it's been oh so long
I never meant it to talk again
I tried to silence youYou keep coming back again
You keep coming back for more
And then you come back and on my mind
You tried to make me look good
You know I just don't have the time
I never ever understoodYou keep coming back again
You keep coming back for more
You keep coming back again
You keep coming back for moreYou keep coming back again
You keep coming back for more
You keep coming back again
You keep coming back for more
You keep coming back again
You keep coming back for more
You keep coming back again
You keep coming back for more
