

# Scars (feat. Ryan Tedder)

Alesso

I think scars are beautiful  
I think black is white  
I'm stuck between the hell I'm in  
And where we lie You say that this could kill you Your words cut like a knife  
We are the beautiful mistake That I can't find  
So I...  
I don't care if it kills me tonight  
Cuz I...  
I'll be loving these scars for life  
And I...  
I don't care if it kills me tonight Cuz I...  
I'll be loving these scars for life  
I think we are chemicals  
I think dark is light  
And I know  
Each and every wrong you right  
You say that this could kill you  
Your words cut like the knife  
We are the beautiful mistake  
That I can't find  
And I...  
I don't care if it kills me tonight  
Cuz I...  
I'll be loving these scars for life  
And I...  
I don't care if it kills me tonight  
Cuz I...  
I'll be loving these scars for life  
I'll be loving these scars for life
