Dead (feat. Madcon)

[Mileo](#)

Don't say it's complicated you know it's not
You said you needed me you must've forgot
Of all the people I've dated your the worst
I said I'd probably like maybe put you first ohYou said you can't live without me
Can't breathe without me
Now your with him and not meWell then you probably should be dead
(Ooh ooh ooh ooh ooh ooh)
Oh am I messing with your head yeah yeah Well then you probably should be dead
(Ooh ooh ooh ooh ooh ooh)
Won't catch me crawling to your bed ed no oh
Don't say you weren't aware babe I know you were
You know our relationship was basically just a blur
So you should run run while you still can
Cause you know your the only one I could never stanYou said you can't live without me
Can't breathe without me
Now your with him and not meWell then you probably should be dead
(Ooh ooh ooh ooh ooh ooh)
Oh am I messing with your head yeah yeah Well then you probably should be dead
(Ooh ooh ooh ooh ooh ooh)
Won't catch me crawling to your bed ed no ohBRIDGE
Well then you probably should be dead
(Ooh ooh ooh ooh ooh ooh)
Oh am I messing with your head yeah yeah Well then you probably should be dead
(Ooh ooh ooh ooh ooh ooh)
Won't catch me crawling to your bed ed no oh
You won't ever
Catch me crawling
Catch me crawling
Back into back into back into your arms
Catch me crawling
Catch me crawling back ba back back uh
Catch me crawling
Catch me crawling
Back into back into back into your arms
Catch me crawling
Catch me crawling back ba back back uh
