

We Won't Go Home

The Colourist

Maybe they'll find us some day
Maybe they won't
And maybe we'll turn out okay
It may be too late I said "Hey, where are you going?"
Well I don't know
but truly you can see
we're moving way too slow I said, "Hey, where are you going?"
Oh maybe we can find a way
I don't know
but you can't stay here We won't go home
We won't go
We won't go home
We won't go
These pictures they make it easy
To think what we were
We can be from far away
We can be alone I said "Hey, where are you going?"
Well I don't know
but truly you can see
we're moving way too slow I said, "Hey, where are you going?"
Oh maybe we can find a way
I don't know
but you can't stay here We won't go home
We won't go
We won't go home
We won't go
We won't go home
We won't go
We won't go home
We won't go
