

Feel

Sleeping With Sirens

And I feel
I feel so alive again
Yeah, I feel
I feel so alive again
YeahI used to be a ghost
Floating aimlessly
So they couldn't see
What I think hurts the most
I felt like it made me hate meBut I won't apologize for being different
I, I can be who I am in you
I felt so dead inside
But now I feel so alive
For the first time
And I feel
I feel so alive again
Yeah, and I feel
I feel so alive again
YeahIs there somewhere I could go?
Oh, I would go there
Take me anywhere
Cause this person I don't know
The one that's staring back at me
It's not who I wanna beBut I won't apologize for being different
I can, can be who I am
While they cover up the dead inside
I feel so alive, for the first time
And I feel
I feel so alive again
Yeah, and I feel
I feel so alive again
YeahCould you help me find a
Help me find a way?
Could you help me find a
Help me find a way?Could you help me find a
Help me find a way?
Could you help me find a
Help me find a way?And I feel
I feel so alive again
Yeah, and I feel
I feel so alive again
And I feel (You'll never bring me down, you'll never tear me apart)
I feel so alive again (I am alive, I am alive again)

Yeah, and I feel (You'll never bring me down, you'll never tear me apart)
I feel so alive again (I am alive, I am alive again)
And I feel
And I feel...
