

The Get Down

Arin Ray

I'll be yours you'll be mine
Together we, we oh so fly
You take yours I'll take mine
Let's have a drink to the best of nights
'Cause I can't stand you dancing there
All alone oh ooooooh The vibe will take you anywhere you wanna go (I know, I know, I know)
I know dance with me feel the heat ooh
Got to move ya body darling hold hands with me
Dance with me, just feel the heat ooh
Got to move ya body darling hold hands with me
I need to see you turn around no pressure
Seems like you been holding out
Not with the run around
I just need you showing out for me 'Cause I can't stand you dancing there
All alone oh ooooooh
The vibe will take you anywhere you wanna go (I know, I know, I know)
I know dance with me feel the heat ooh
Got to move ya body darling hold hands with me
Dance with me, just feel the heat ooh
Got to move ya body darling hold hands with me
