## Yellowcard

Story books I thought were written for my heart  
From my fingers, fall  
With you gone, I break, drifting off in space  
Can you hear me call? I need you, need you, I need you  
I need you, need you, I need you As all these mornings turn into brand new days  
Everything still hurts, you're so far away  
I would dig a hole through the Earth and crawl to get to you  
To get to you...  
Wicked dreams, they come when I sleep alone  
So I stay awake  
Thinking, oh, how I miss her so  
How long must I wait? I need you, need you, I need you  
I need you, need you, I need you As all these mornings turn into brand new days  
Everything still hurts, your so far away  
I would dig a hole through the Earth and crawl to get to you  
To get to you...  
As all these mornings turn into brand new days  
Everything still hurts, your so far away  
I would dig a hole through the Earth and crawl to get to you I need you, need you, I need you  
I need you, need you, I need you
