When stairs fell down
Be pushed by you
Me hit head
Me nose broke
Soon you be deadSoon you be deadSo strong my face is
You punch break fingers
Kick me you're limping
Stab me you're bleeding
I am be angerous now
You throwing rock at me
Hit eye and it no hurt me
I'm strong
You're notYou're not
I'm making time for fighting
I'm clearing time for hitting
We'll meet, I will beat you
Our schedules permitting
I pick out fighting outfitDon't want my pants too tight
Need clothes to breathe to beat you
You'll be beaten down tonight
I'm so fucking tough
I'm so fucking tough
That's right
I'm so fucking tough
I'm so fucking tough
That's right
I'm so fucking tough
I'm so fucking tough
That's right
I'm so fucking tough
I'm so fucking tough
That's right
I'm so fucking tough
I'm so fucking tough
That's right
You're an ugly man
You're as dumb as sand
Your mom's fucking fat
Your mom blew a rat
You are a mistake
You have sex with cake
You think you're so tough
You're a nothing bluff

I will put you down
I will make you drown
I will make you bleed
I am filled with speed
I cannot feel pain I might be insane
I am victory
I write history
Feel my fist on your face
You hate this
I feel great
One, two, three, four Five, six, seven, eight
