

You Deserve Better

James Arthur

[Verse 1]

I'm just not sure whether my heart is working
And yours is beating double time
Deep down you know I ain't even worth it
It's not enough, babe, all I do is make you cry[Pre-Chorus]
Like oh-woah, oh-woah
I know, I do this every time
Like oh-woah, I know
That I just got to say what's on my mind

[Chorus]

You deserve better, better, better than me
Might be what you want, but I'm not what you need
You're better, better than you even realize
You deserve better, better, better than me
Might be what you want, but I want you to see
You're better off without me in your life[Post-Chorus]
And I hope you'll find somebody else
That will love you like nobody else
And I hope he gives you something real, oh, I love you still
But you deserve better, better, better, better[Verse 2]
Give up on me, 'cause, babe, I'm hopeless
The more it hurts, the more it's right
You know I love that you [?]

It'll be too late, oh, when you're with some other guy
[Pre-Chorus]

Like oh-woah, oh-woah
I know, I do this every time
Like oh-woah, I know
That I just got to say what's on my mind[Chorus]
You deserve better, better, better than me
Might be what you want, but I'm not what you need
You're better, better than you even realize
You deserve better, better, better than me
Might be what you want, but I want you to see
You're better off without me in your life[Post-Chorus]
And I hope you'll find somebody else
That will love you like nobody else
And I hope he gives you something real, oh, I love you still
But you deserve better, better, better, better[Bridge]
Might be what you want, but not what you need
Baby, oh yeah[Chorus]
You deserve better, better, better than me

Might be what you want, but I'm not what you need
You're better, better than you even realize
You deserve better, better, better than me
Might be what you want, but I want you to see
You're better off without me in your life[Post-Chorus]
And I hope you'll find somebody else
That will love you like nobody else
And I hope he gives you something real, oh, I love you still
But you deserve better, better, better, better
