

# Work On It

## Alicia Keys

Work on it  
Work on it  
Work on it, baby Oh baby, some may think that we moved too fast  
But I know you and you know me  
Baby, that's what makes it last  
Darling, so many lies were spread about us  
Oh, that's the heartache, that's the heartache  
That makes us build all the trust I know some people like to say  
That the easiest way is to fake it  
We gonna make it  
If we try  
Gotta promise not to abuse it  
If you use it, don't lose it or break it  
'Cause we gonna make it  
You and I  
When they see us coming they'll say  
Oh-oh, oh-oh, oh-oh, oh-oh, oh-oh, oh-oh  
When they see us coming they'll say  
Oh-oh, oh-oh, oh-oh, oh-oh, oh-oh, oh-oh Some days are hard  
There ain't no easy way  
No matter how we try  
Nobody is perfect  
But if we just,  
Love each other through it all  
Baby now that that's, that makes it worth it I know some people try to say that  
The easiest way is to fake it  
We gonna make it  
If we try  
If we try  
Gotta promise not to abuse it  
If you use it, don't lose it or break it  
We gonna make it  
You and I  
When they hear us coming they'll say  
Oh-oh, oh-oh, oh-oh, oh-oh, oh-oh, oh-oh  
When they hear us coming they'll say  
Oh-oh, oh-oh, oh-oh, oh-oh, oh-oh, oh-oh When they feel us coming they'll say  
Oh-oh, oh-oh, oh-oh, oh-oh, oh-oh, oh-oh  
When they feel us coming they'll say  
Oh-oh, oh-oh, oh-oh, oh-oh, oh-oh, oh-oh Oh, we gonna work on it, baby  
Me and you, we gonna work on it, baby
