

Sleepin'

B2K

(Verse 1:)

This is crazy

Cause lately

The only thing that I think about, dream about is

How you left

Why'd you leave me

See I was trippin just for thinking you would wait around

How I'm missing

You baby

How we use to be

How you were always there for me

Your his now

But maybe

If we can talk it out

I can turn this thing around

(Hook:)

Always thought that you'll be

Be with me only

Now its killing me slowly

How I took you for granted

But now I understand it, I was wrong(Chorus:)

I was wrong for sleepin

Baby give me one more try

I swear I apologize

I was wrong

And I'm trippin

I'm down on my knees

Come and see about me

I was wrong for sleepin

All I need is one more chance

I just want to be your man

I was wrong for trippin

I can't barely breathe

Come and see about me

(Verse 2:)

Can I call you

Like I use too

I just can't walk away

You still got a piece of me

So if its alright

Can I fall through

I need to see your face girl(Hook:)

I just want to talk to you
Can we spend sometime
Say baby can we spend a little time
What I gotta do
Cause I can't get you off my mind(Chorus:)
I was wrong for sleepin
Baby give me one more try
I swear I apologize
I was wrong
And I'm trippin
I'm down on my knees
Come and see about me
I was wrong for sleepin
All I need is one more chance
I just want to be your man
I was wrong for trippin
I can't barely breathe
Come and see about me(Hook 2:)
Always thought that you would be
With me only
Now its killing me slowly(Repeat chorus til end of song)
