

Hey Stupid, I Love You

JP Saxe

Nothing's wrong
And it's not what I'm used to
Oh does it surprise you too
When it's simple
Is it easier than it should be? Nothing's wrong
But when you're not in my arms
I send voice notes, you send hearts
And get quiet
And I know that means you miss me You're jealous, you shouldn't be
I want you obsessively
But I know how complicated it can get
When you're not in front of me
I know insecurities
Get in your head
But I'm not gonna interrupt
If you need to talk about it
Roll my eyes or get offended by
The way you doubt it
You know you're mine
You just forget sometimes
So promise me you won't
And you know I'll remind you
When you think I don't Hey stupid, I love you
Hey stupid, I love you Nothing's wrong
I just get in my head too
Can you reassure me you
You're still in it
I just wish you could lean in and kiss me say
Nothing's wrong
Tell me to settle down
You do it better than I've ever known how
I won't pull some tricks for attention
But could I get a little now I'm not gonna interrupt
If you need to talk about it
Roll my eyes or get offended by
The way you doubt it
You know you're mine
You just forget sometimes
So promise me you won't
And you know I'll remind you
When you think I don't Hey stupid, I love you
Hey stupid, I love you You're jealous, you shouldn't be

I want you obsessively
But I know how complicated it can get
When you're not in front of me
I know insecurities
Get in your head But I'm not gonna interrupt
If you need to talk about it
Roll my eyes or get offended by
The way you doubt it
You know you're mine
You just forget sometimes
So promise me you won't
And you know I'll remind you
When you think I don't Hey stupid, I love you
Hey stupid, I love you How could you forget
I told you 17 times before 7am
I love you
How could you forget
I told you 17 times
Hey stupid, I love you
How could you forget
I told you 17 times before 7am
I love you
How could you forget
I told you 17 times
Hey stupid, I love you
