

One More for the Road

Suzy Bogguss

Suzy Bogguss & Chet Atkins Put those guitars in their cases
Put those cases on the truck
Drive that truck on to Memphis
Tune those guitars back up. What we really love is playin'
Rollin' never slowin' down
But tonight I feel like stayin'
I kind of like this little town. And I'm not ready to pack it up yet
If you don't have to go
Let's make this a night we'll never forget
There's time for one more one more for the road.
--- Chet Atkins Instrumental --- Tonight the lights feel like heaven
Makes me want to give it all I got
That's what I do for a livin'
Am I lucky or what. And I'm not ready to pack it up yet
If you don't have to go
Let's make this a night we'll never forget
There's time for one more one more for the road. --- Instrumental --- What we really love is
playin'
Rollin' never slowin' down
But tonight I feel like stayin'
I kind of like this little town.
And I'm not ready to pack it up yet
If you don't have to go
I'd like to stay here and pick one with Chet
There's time for one more, one more for the road. --- Chet Atkins Instrumental to fade ---
