

# Work Out

## J. Cole

Straight up, now tell me do you really wanna love me forever  
Oh, oh, oh

Or is it just a hit and run(I wanna see you work for me, work out for me)Hey, we got a good thing  
Don't know if I'ma see you again  
But is that a good thing?  
Cause girl I can't be your man, no ma'am  
I know what's on your brain  
You're probably hoping never would end  
Like is it the real thing

Or is it just a one night standLet me see you get high and go low  
Now girl won't you drop that thing down to the floor  
I'm here for one night, how far would you go?  
I wanna see you work out for me, work out for me  
High and go low

Now girl won't you drop that thing down to the floor  
I'm here for one night, how far would you go?

I wanna see you work out for me, work out for meShe like them bar with the big old chains  
Ride around town in the big old Range  
I knew her when I riding big old chains  
Now the little nigga doing big old things  
Would you look at that, I came back for her  
Just to give it to her, like you asked for it  
Man that thing in them jeans too fat for her  
It rebounds so I caught it off the backboard  
I told her, baby girl come here

Know I run the town even when I aint from there  
And I brag hardly but just to show up at this party I made  
What your nigga make in one year, that's unfair but  
So is life, take a chance roll a dice  
Money can't buy you love cause it's over priced  
Don't overthink just hope it's right  
I'm only here for the night  
Hey, we got a good thing

Don't know if I'mma see you again, see you again  
But is that a good thing?  
Cause girl I can't be your man, no ma'am  
I know what's on your brain  
You're probably hope it never would end  
Like is it the real thing

Or is it just a one night stand  
Well thenLet me see you get high and go low

Now girl would you drop that thing down to the floor  
I'm here for one night, how far would you go?  
I wanna see you work out for me, work out for meHigh and go low  
Now girl won't you drop that thing down to the floor  
I'm here for one night, how far would you go?  
I wanna see you work out for me, work out for meCarolina blue kicks, fresh on the scene  
Hottest nigga on the block, damn girl you mean  
They be starting shit, but it's your world  
On my Martin shit, you go girl  
She bad and you know it, some niggas save Hoes  
I'm not that heroic  
Could you be my escort  
Cause just like them two door Fords  
Damn, they don't make 'em like you no more  
Cole World, real Cole World  
Them boys cool, me I'm on fire

Up late so you probably skip class  
Life is a test so before the night pass get right
