

# Lights Off

Jay Sean

I'm sick and tired of being sick and tired  
It's you that I'm missing, It's like my brain is wired up  
And there's a glitch in my system  
You're like a drug and now my blood won't stop itching  
I'm in critical condition, someone let me out of this prison  
It's like my mind is playing tricks on me lately  
I could of sworn that you are still my baby  
I'm on a merry-go-round, going around, driving me crazy  
That's why it feels like  
Losing you is like somebody just turned all the lights off  
Won't somebody, anybody, please just turn the lights on  
I won't take one step, I can't see what's coming next  
Cause losing you is like somebody just turned all the lights off  
Can't see at all (at all, at all, at all)  
Can't see at all (no, oh no), Can't see at all (at all)  
Cause it's like somebody just turned all the lights off  
I don't understand how one minute I just had it all  
Now I can't reach you cos I'm tied up with this straight jacket on  
I can't breathe (breathe, breathe, breathe, breathe, breathe)  
I can't see (see, see, see, see, see, see, see)  
It's like my mind is playing tricks on me lately  
I could of sworn that you are still my baby  
I'm on a merry-go-round, going around, driving me crazy  
That's why it feels like  
Losing you is like somebody just turned all the lights off  
Won't somebody, anybody, Please just turn the lights on  
I won't take one step, I can't see what's coming next  
Cause losing you is like somebody just turned all the lights off  
Can't see at all (at all, at all, at all)  
Can't see at all (no, oh no), Can't see at all (at all) Cause it's like somebody just turned all the  
lights off  
Used to see my world in color girl  
When you left me it's like my world turned gray  
Turn my winter into summer girl  
Why won't you help me turn night to day  
I can't eat, I can't sleep, I can't think at all  
Honestly, it feels like I ain't living no more  
Can't say no more, can't see no more  
Baby that's why it feels like  
Losing you is like somebody just turned all the lights off  
Won't somebody, anybody, please just turn the lights on (I'm talk 'bout anybody, turn the lights  
on)

I won't take one step, I can't see what's coming next  
Cause losing you is like somebody just turned all the lights off  
Can't see at all (at all, at all, at all)  
Can't see at all (no, oh no), Can't see at all (at all)  
Cause it's like somebody just turned all the lights off
