

Music Is Healing

Florida Georgia Line

Tears on a six string
Another angel gone
Leaving you all alone
Dealing with your demons
I know you laying there wondering
If your prayers ever make it through the ceiling too
Yeah I know what you going through
If I could write the perfect song
We could let the right out of all the wrongs
Would you close your eyes?
Would you let it in?
Would you light a candle against the wind?
If I could sing the perfect words
And chage the world from hurt to hurt
We're all feeling
Stop the bleeding
You're back to believing
Love is the answer and music is healing
And there's a lot of souls looking for the high road
Everybody's needing
Maybe just a little simple melody
Is all we need to keep our boomin' hearts beating true
And get the whole world in tune
If I could write the perfect song
We could let the right out of all the wrongs
Would you close your eyes?
Would you let it in?
Would you light a candle against the wind?
If I could sing the perfect words
And change the world from hurt to hurt
We're all feeling
Stop the bleeding
You're back to believing
Love is the answer and music is healing
Yeah I know in my hard heart
That we are where we're supposed to be
And everybody's got the strongs
But we can live in harmony, yeah
Your song is played
It's gonna save you
When you're laying there wondering
If your prayers ever make it through the ceiling too
Yeah I know what you going through
If I could write the perfect song
We could let the right out of all the wrongs

Would you close your eyes?
Would you let it in?
Would you light a candle against the wind?
If I could sing the perfect words
And change the world from hurt to hurt
But we're all feeling
Stop the bleeding
You're back to believing
Love is the answer and music is healing Love is the answer and music is healing You gotta
believe in
Love is the answer and music is healing
