One More Night

Michael Kiwanuka

One more night
One more night till the morning
One more night
One more night till the day
I'll be right
I'll be right in the morning
I'll be alright
I'll be right in the dayBut I believe it
One more night till the morning
But I believe it
One more night till the morning
I'll be trying
I'll be trying in the morning
I'll be trying
I'll be trying in the day
No more lies
No more lies in the morning
No more lies
No more lies in the dayBut I believe it
One more night till the morning
But I believe it
One more night till the morningI'll be holding on
Holding in
I'll be holding on
And holding in
I'll be holding on
And holding in
One more night
One more night till the morning
One more night
One more night till the dayI'm on fire
I'm on fire for the morning
I'm on fire
I'm on fire for the dayBut I believe it
One more night till the morning
But I believe it
One more night till the morningOne more night till the morning
One more night till the morning
One more night till the morning
