Blindfold Me

Kelis

When he want it he blindfolds me
Then I get sexy on him
Get sexy on himWhen he want it he blindfolds me
Then I get sexy on him
Get sexy on him, likeTold him what I like
When he heat it up one night
Made him stand behind my door and watch me uh uh uh
And I couldn't believe the type
He was saying all the right
Whispers gettin' mami right, I was uh uh uh
So I had to get the ice
Homie wanna fly the kite
Had to show him what a pro I was uh uh uh
I was headed for the light
He refused to take a bite
Till I put my blindfolders on
I'm saying something likeYou're just taking it all, what's gon' be left for me?
I told you get it, but you're taking it all from meWhen he want it he blindfolds me
Then I get sexy on him
Get sexy on himWhen he want it he blindfolds me
Then I get sexy on him
Get sexy on him, like
When he want it he blindfolds me
Then I get sexy on him
Get sexy on himWhen he want it he blindfolds me
Then I get sexy on him
Get sexy on him, likeHold up
Let me take this off
Just to see where I can catch my breath at allHold up
You got a pretty strong team
Got somethin' on the bench that Kelis ain't seenHold up
Why you treat me like that?
'Bout the 3rd or 4th time you ain't had to do thatHold up
Won't you let me cheat once?
And I promise you won't never make me keep this onYou're just taking it all, what's gon' be left for me?
I told you get it, but you're taking it all from meWhen he want it he blindfolds me
Then I get sexy on him
Get sexy on himWhen he want it he blindfolds me
Then I get sexy on him
Get sexy on him, likeWhen he want it he blindfolds me
Then I get sexy on him

Get sexy on himWhen he want it he blindfolds me
Then I get sexy on him
Get sexy on him, likeYou're just taking it all, what's gon' be left for me?
I told you get it, but you're taking it all from meWhen he want it he blindfolds me
Then I get sexy on him
Get sexy on himWhen he want it he blindfolds me
Then I get sexy on him
Get sexy on him, likeWhen he want it he blindfolds me
Then I get sexy on him
Get sexy on himWhen he want it he blindfolds me
Then I get sexy on him
Get sexy on him, likeWhen he want it he blindfolds me
Then I get sexy on him
Get sexy on himWhen he want it he blindfolds me
Then I get sexy on him
Get sexy on him, likeWhen he want it he blindfolds me
Then I get sexy on him
Get sexy on himWhen he want it he blindfolds me
Then I get sexy on him
Get sexy on him, like
