

Just a Reminder

Craig David

Baby dry your weeping eyes,
Just let me say you can carry in the way of the world,
Like a true queen.
Baby I'm not what you want,
I want you to need,
You've been travelling alone for so long,
Let me be there,
So i can hold you in my arms,
Keep me safe from harm,
Everytime you wonder baby,
What's going on.(chorus)

This is just a reminder, to tell you that i still care (about you woman, oh yeah about you lady)
This is just a reminder, to tell you that i believe (you're the only one who knows just how to say
baby, oh yeah, you're the only one who enters my world when it's going crazy)

I remember all the time,
How you use to read my mind,
If I told you where I'd be,
Girl you know where we were going.
But everything's all different now,
But I can somehow,
We can turn back the time,
Like it was nothing.
Now I hold you in my arms,
Keep me safe from harm,
Everytime you wonder baby,
What's going on.(chorus)

This is just a reminder, to tell you that i still care (about you woman, oh yeah, about you lady)
This is just a reminder, to tell you that i believe (you're the only one who knows just how to say
baby, oh baby)

So baby let's just take this madness,
Throw it all far away.
Still the one I love and will always be that way.
Baby let's just take this madness,
It keeps getting in the way,
Don't want you to get away,
Baby let's just take this madness,
Throw it all far away.
I don't wanna be alone without you girl,
Not another day.
Baby let's just take this sadness,
Don't ever want to let you go.

I can't let you go. This is just a reminder, to tell you that i still care. (oh yeah, no, no no.)

This is just a reminder, (just a reminder) to tell you that i believe (you're the only one who knows just how to say baby, oh yeah, you're the only one who enters my world when it's going crazy)

This is just a reminder, to tell you that i still care (to tell you that i still care, yeah, yeah, oh no, no)

This is just a reminder, to tell that i believe (you're the only one who knows just how to say baby oh yeah, you're the only one who enters my world when it's going crazy)Just a reminder.

To tell you.

That i still care baby. (baby)

Just a reminder.

To tell you that i still care. (da na, na, na, no no, no)
