

If I

Aloe Blacc

If I sang a song would you sing with me?
Said, if I sang a song, would you sing with me?
If I danced just dance, would you dance with me?
Dance with me If I shed a tear would you cry with me?
And if I told a lie would you forgive me?
All of these things I'd do for you
Give me a chance to prove to you my love is true If I had to go, would you leave with me?
Said, if I had to go, go would you leave with me?
If I had no food would you cook for me?
Cook for me
If I told a joke would you laugh at me?
And I asked for you to change, would you change for me?
All of these things I'd do for you
Give me a chance to prove to you
All of these things I'd do for you
Give me the chance to prove to you my love is true If I had to die, would you pray for me?
Said, if I had to die, die, would you pray for me? Would you pray for me?
