

One of Those Nights

Tim McGraw

She's getting dressed up, putting on that lipstick
She be shaking, riding to them cut-offs baby, oh yeah
You're getting off work, cashing out that paycheck
Gotta change that shirt and pick that girl up on her front step
Here she comes now looking so fine
You've been waiting for this night for such a long, long time
She slides in and you rode down
main street
You turn right when that red light turns green
Sun sets now you're half way to heaven
She picks a song you turn it up to eleven
You say "Do you wanna?" and she says "Hell yeah!"
So you hit the party all your buddies are jealous
Someday you'll be looking back on your life
At the memories, this is gonna be one of those nights
Crowded back yard, everybody's laughing
Kinda party, next week you'll say I was there when it happened
Coming up on midnight, 'bout time going
And then the DJ starts to play your favorite song
You slow dance for 3 minutes or so, and then she whispers baby let's go
And then she slides in
and gives you the green light
You hold off till you turn on the headlights
Someday when you're looking back on your life
At the memories, this is gonna be one of those nights
Yeah one of those nights
Full moon through a crack in the windshield
You hold her close and you'll never forget how her heart beat feels
No you never will
'Cause someday when you're looking back on your life
At the memories, this is gonna be one of those nights
Yeah one of those nights
One of those nights
Yeah one of those nights
One of those nights, oh
One of those nights
This is gonna be
This is gonna be
One of those nights
