

Ocelot

Hiatus Kaiyote

Started out as a pause, first leather bound and wrapped around the rhythm of my temperature
Rorschach way is back and raw to the marrow, fierce as don't toll me back missy mister official
document

My, my, my dot dot dot

My, my, my dot dot ocelot

My, my, my ocelot tongue is sharp and it'll eat you up

Leave you looming wild eyed far cry and wondering in the dark

Best you try to spot dot,

Best you try to spot dot dot,

Best you try to spot dot dot dot,

Best you try to spot dot dot dot dot dot ocelot.
