

# Nasty

## Lil Duval, Jacques & Tank

Girl, you know my preferences  
So when you comin', I'ma need references, yeah  
You know I'm choosy with acceptances  
Baby, you ain't gotta sweat  
'Cause I know it's always wet  
Legs suspended, back extended  
Forward thinkin', dick all in it  
Thighs on shoulders, late-night yoga  
This is why you comin' over, and over again  
Hangin' off the bed like an ornament on the ottoman  
I don't give a fuck if you got a man  
If you swallowing  
I wanna get nasty  
I think it's time we get nasty  
I only want it if it's nasty  
Girl take it off, I'ma break you off if you take it off  
I'm bound to get nasty (Oh, nasty)  
I think it's time we get nasty (Oh, nasty)  
Don't keep it classy bitch (Oh)  
Keep it nasty (Nasty)  
Girl take it off, I'ma break you off if you take it off  
I'm bound to get  
You gon' have to get the high me  
When you taking this nine-inch  
Don't bite it  
Suck the pussy from the back  
Baby, I can get behind it  
'Cause I'm fine with anything and everything  
Sloppy is the only way  
Top it off, I go for rounds  
Lyin', bitch I'm goin' down  
Legs suspended, back extended  
Forward thinkin', dick all in it  
Thighs on shoulders, late-night yoga  
This is why you comin' over and over again  
Hangin' off the bed like an ornament on the ottoman  
I don't give a fuck if you got a man  
If you swallowing  
I wanna get nasty  
I know you get nasty  
I only want it if it's nasty  
Girl take it off, I'ma break you off if you take it off  
I'm bound to get nasty (Oh, nasty)  
I think it's time we get nasty (Oh, nasty)  
Don't keep it classy bitch (No class, no)

Keep it nasty (Oh, Nasty)  
Girl take it off, I'ma break you off if you take it off  
I'm down to getGentlemen from the outside  
But I get her up for some inside  
Put it on my tongue, gotchu tongue-tied  
Comin' everyday, like the sunshine  
Heard you nasty, heard you freaky wit' it  
The way you ride it, get a speedin' ticket  
Host a 'Gatti wit' no seat up in it  
I don't play until I see you're finished  
Body language goin' up and down  
Girl, you're wetter than the oceanfront  
The Vitamin D, suck it up  
Rubbin' cocoa butter 'til you're broken up  
Did I stutter? Babygirl you know what's up  
That's the way that I be showin' love  
Speakin' up for the both of us, baby  
Hurry up, I wanna getNasty (Oh, nasty, Aye)  
I know you get nasty (Oh, I wanna get)  
I only want it if it's nasty (Ooh yeah)  
Girl take it off, I'ma break you off if you take it off  
I'm bound to get (I'm bound to get nasty baby)  
Nasty  
I think it's time we get nasty (Oh)  
Don't keep it classy bitch (Oh)  
Keep it nasty (Don't you do it baby)  
Girl take it off, I'ma break you off if you take it off  
I'm down to get
