

# Time for That

Kevin Gates

Do you think I'll ever need you love, more than you need me?  
Show me your true colors girl, I just want to see  
Cause I done had too many come around and change on me  
She screamin' please don't waste my time  
I say I totally agree  
See girl I'm fine with that  
I done gave my watches away, ain't got no time for that  
Askin' where's my heart, good luck findin' that  
How long could I see her round still think I'm timin' that  
Think I'm still timin' that  
Pretty teeth with a nice demeanor  
I'm in a rush, it was nice to meet ya  
Collard shirt, no elongated T's, cheaper to be yourself  
Ain't no wrong way to be, accomplished a lot  
Came from the block, ambitious in the trenches  
I got a long way to reach  
Sorry if I was offensive, but not at all  
You got to pardon me at times, okay problem solved  
When I hear the word can't take it like a challenge  
I don't understand why the hell I can't have it  
Help me understand why the hell I can't have it  
I was blessed with a swag and I ain't braggin'  
Insecurities get covered with designer fashion  
If I'm not intimidatin' tell me why you're bashful  
If you not feelin' what I'm sayin', sorry for the hassle But if you leavin' here with me it'll be  
fantastic  
Do you think I'll ever need you love, more than you need me?  
Show me your true colors girl, I just want to see  
Cause I done had too many come around and change on me  
She screamin' please don't waste my time  
I say I totally agree  
See girl I'm fine with that  
I done gave my watches away, ain't got no time for that  
Askin' where's my heart, good luck findin' that How long could I see her round think I'm still  
timin' that  
Think I'm still timin' that Ain't no relaxin', they pillow fightin' on the sofa  
Not at all my main focus though I was hopin'  
Pull your hair, kiss it soft while you bendin' over  
After that we could shower then I could hold ya  
Havin' deep conversation and now you open  
Pretendin' that I was asleep while you on the phone  
Listen to you tell your girlfriend how I stroke it

Only that it was a (?) I already know it, mind blowin'  
Phone rang bout to go, is you rollin' Playin' poker no cards, throwin' hands exposin'  
Rest in peace Soulja Slim, slow motion  
Kicked out of everywhere, expulsion Do you think I'll ever need you love, more than you need  
me?

Show me your true colors girl, I just want to see  
Cause I done had too many come around and change on me  
She screamin' please don't waste my time  
I say I totally agree  
See girl I'm fine with that  
I done gave my watches away, ain't got no time for that  
Askin' where's my heart, good luck findin' that  
How long could I see her round think I'm still timin' that  
Think I'm still timin' that
