

Pretty Girls

Joe Jackson

Here she comes just a-walk just a-walkin' down the street
Singin' down do be do do wop a do do wop
Singin' down do be do do wop a do do wop See the pretty pretty pretty girls in the street
Down do be do do wop a do do wop a do do wop
See them walkin' with their pretty shoes on their feet
Down do be do do wop a do do wop a do do wop
Down do be do do wop a do do wop a do do wop I took a walk round the market down town
Taking it easy just to see what I could find
I found the girls there, long legs and blond hair
All getting set to make a mess out of my mind
Hey! Eyes left! See the pretty pretty pretty girls in the street
Down do be do do wop a do do wop a do do wop
See them walkin' with their pretty shoes on their feet
Down do be do do wop a do do wop a do do wop
Down do be do do wop a do do wop a do do wop I got my heart burnt, you know where I hurt
They say the miniskirt is coming back in style
I say it's not fair but what do they care
When you've got power then you use it for a while Hey! Eyes right! See the pretty pretty pretty
girls in the street
Down do be do do wop a do do wop a do do wop
See them walkin' with their pretty shoes on their feet
Down do be do do wop a do do wop a do do wop
Down do be do do wop a do do wop a do do wop
God, if you're up there, listen to my prayer
In future man should have a different design
Give him a switch so he can turn off his libido now
Give him a tranquilizer built into his mind Hey! Eyes right! See the pretty pretty pretty girls in
the street
Down do be do do wop a do do wop a do do wop
See them walkin' with their pretty shoes on their feet
Down do be do do wop a do do wop a do do wop
Down do be do do wop a do do wop a do do wop Don't talk to me about Women's Liberation
They already got their right just where it hurts
Now here she comes just a-walk just a-walkin' down the street
Singin' down do be do do wop a do do wop
Singin' down do be do do wop a do do wop See the pretty pretty pretty girls in the street
Down do be do do wop a do do wop a do do wop
See them walkin' with their pretty shoes on their feet
Down do be do do wop a do do wop a do do wop
Down do be do do wop a do do wop a do do wop
