

White Is In the Winter Night

[Enya](#)

Have you seen the mistletoe, it fills the night with kisses
Have you seen the bright blue star, it fills your heart with wishes
Have you seen the candlelight, it shines from every window
Have you seen the moon above, it lights the sky in silver
Green is in the mistletoe and red is in
the holly
Silver in the stars above that shine on everybody
Gold is in the candlelight and crimson in the embers
White is in the winter night that everyone remembers
Have you heard the boys outside, when all
the girls are skating
Have you heard their sweet hearts cry for all this time they're waiting
Green is in the mistletoe
and red is in the holly
Silver in the stars above that shine on everybody
Gold is in the candlelight and crimson in the embers
White is in the winter night that everyone remembers
Have you seen the children playing, tiny hands are frozen
Have you seen them hurry home, when suddenly it's snowing
Green is in the mistletoe and red is in the holly
Silver in the stars above that shine on everybody
Gold is in the candlelight and crimson in the embers
White is in the winter night that everyone remembers
Have you heard the bells are ringing, ringing at their story
Have you heard the singing, glory, glory, glory
