Feels Like Summer

Childish Gambino

You can feel it in the streets

On a day like this, the heat

It feel like summer

I feel like summer

I feel like summer

You can feel it in the streets

On a day like this, the heat

I feel like summer

She feel like summer

This feel like summer

I feel like summerSeven billion souls that move around the sun Rolling faster, faster and not a chance to slow down

Slow down

Men who made machines that want what they decide They're just tryna tell the children please slow down

Slow down

I know

Oh, I know you know that pain

I'm hopin' that this world will change

But it just seems the same

(It is not the same) You can feel it in the streets

On a day like this, the heat

It feels like summer

I feel like summer

I feel like summer

You can feel it in the streets

On a day like this, that heat

I feel like summer

(I feel like summer)

I feel like summer

(I feel like summer)

Every day gets hotter than the one before

Running out of water, it's about to go down

Go down

Air that kill the bees that we depend upon

Birds were made for singing

Waking up to no sound

No soundI know

Oh, I know you know my pain

I'm hopin' that this world will change

But it just seems the same

I know

Oh, I hope we change
I really thought this world would change
But it seems like the sameI know
Oh, my mind is still the same
I'm hoping that this world will change
But it just seems the same
I know
Oh, I hope we change
