

Flying Easy

[Donny Hathaway](#)

Flying Easy - Donny Hathaway
We're flying high on a velvet sky,
With the wind on our wings
Climbing easily on the breeze
We're flying easy and we do just what we please
we drink the breezes as we drink wine, and the nectar is sweet
Now the feeling we have is fun
We're flying easy drifting on a summer breeze
The trip is smooth and we gently glide
We ride the rainbow and we see to a tee
how happy we can be
We gather gold from the evening sun
And it's heavenly hues
And we don't have a thing to lose
We're flying easy and we do just what we choose
The trip is smooth and we gently glide
We ride the rainbow and we see to a tee
How happy it can be to be free
We float and there is no thought of time
Cause we're singing of love
And the pleasure is so divine
We're flying easy not a worry on our mind
We're flying easy not a worry on our mind
We're flying easy on a breeze
Flying, flying flying
