

# Flying Easy

[Donny Hathaway](#)

Flying Easy - Donny Hathaway  
We're flying high on a velvet sky,  
With the wind on our wings  
Climbing easily on the breeze  
We're flying easy and we do just what we please  
we drink the breezes as we drink wine, and the nectar is sweet  
Now the feeling we have is fun  
We're flying easy drifting on a summer breeze  
The trip is smooth and we gently glide  
We ride the rainbow and we see to a tee  
how happy we can be  
We gather gold from the evening sun  
And it's heavenly hues  
And we don't have a thing to lose  
We're flying easy and we do just what we choose  
The trip is smooth and we gently glide  
We ride the rainbow and we see to a tee  
How happy it can be to be free  
We float and there is no thought of time  
Cause were singing of love  
And the pleasure is so divine  
We're flying easy not a worry on our mind  
We're flying easy not a worry on our mind  
We're flying easy on a breeze  
Flying, flying flying
