

# If That Ain't God

Chris Young

I ain't never thought much of getting up  
Or the climb down the stairs to my coffee cup  
Or the good morning news in the background  
'Til I heard somebody on it talking 'bout  
A kid from my town only 8 or 9  
Who took a punch from cancer but he won that fight  
He had his first home run first time at the plate  
Then he pointed at the sky and it made me think  
If that ain't God, if that ain't him  
If that ain't the man upstairs somewhere looking down on us again  
Don't it make you wanna pray, don't it make you wanna live  
Oh, if that ain't God, if that ain't God, I don't know what is  
I took a breath and I looked out the windowpane  
At the sunrise man, only he could paint  
It got me thinking 'bout all my crazy years  
And the miracles y'all that got me here  
Make a grown man wanna cry happy tears  
If that ain't God, if that ain't him  
If that ain't the man upstairs somewhere looking down on us again  
Don't it make you wanna pray, don't it make you wanna live  
Oh, if that ain't God, if that ain't God, I don't know what is  
Yeah, I don't know what is  
Red sunset over blue water  
Every day you get with your son or your daughter  
If you've got a roof over your head, boots under your feet  
Somebody by your side, you see and say  
If that ain't God, if that ain't him  
If that ain't the man upstairs somewhere looking down on us again  
Don't it make you wanna pray, don't it make you wanna live, live, live  
Oh, if that ain't God, if that ain't God, I don't know what is  
Oh, if that ain't God, if that ain't God, I don't know what is  
Yeah, I don't know what is
