

# The Distance

## Gavin Turek

You should be here with me  
Giving me what I need  
Won't you come closer  
I can't wait that much longer  
If you could only see  
How you're affecting me  
Wish I was your home

Wish you were never gone Why x7, oh why? I'll go the distance for you x3  
Ooooouuu

I'll go the distance for you x3  
Ooooouuu  
Two days is all I need  
We could just make believe  
Time doesn't matter  
Let's just get lost together  
Jump through the fire for me  
Cross all the land and sea  
If you could take it

Then we could make it Why x7, oh why? I'll go the distance for you x3  
Ooooouuu

I'll go the distance for you x3  
Ooooouuu I just gotta reach you  
I just gotta hold you now, baby  
I just gotta brake the wall for you

I need you hurry  
Now!

Yeah, for you  
I'll go, I'll go  
I'll go the distance for you

Yeah, for you  
I'll go the distance for you x3  
Ooooouuu

I'll go the distance for you x3  
Ooooouuu  
Yeah for you Baby!  
For you, yeah for you  
For you  
Yeah for you
