

# Been Here All Along

## Hannah Montana

    Hmm, mmm, yeah Sunrise and I lifted my head  
    Then I smiled at your picture sittin' next to my bed  
        Sunset and you're feelin' okay  
'Cause you smile at the letter that I sent you today And I can't wait till I see you again  
        And we'll both say, remember when  
        The band played on the 4th of July  
And you held me on your shoulders way up high You're still there for me  
        Wherever there might be  
        And if an ocean lies between us  
        I'll send a message across the sea  
        But you can sleep tonight  
        Knowing it's alright  
I believe that you are listening to my song  
    You are with me  
        You've been here all along  
You've been here all along Back then you walked me to school  
    Told me to be careful and to follow the rules  
        Fast forward, you taught me to drive  
You gave me the keys and we went for a ride And I can't wait till I see you again  
        And we both say, remember when  
        I'm holdin' on to moments like that  
I know that they're comin' back You're still there for me  
        Wherever there might be  
        And if an ocean lies between us  
        I'll send a message across the sea  
        But you can sleep tonight  
        Knowin' it's alright  
I believe that you are listening to my song  
    You're with me  
        You've been here all along  
    Yeah All along the way I keep you  
        In my heart and in my breath  
You'll always be the one who cares the most  
    Countin' all the days I see you  
        Runnin' up to say  
I miss you, I miss you You're still there for me  
        Wherever there might be  
        And if an ocean lies between us  
I'll send a message across the sea But you can sleep tonight  
        Knowin' it's alright  
I believe that you are listening to my song You're still there for me  
        Wherever there might be

And if an ocean lies between us  
I'll send a message across the sea  
But you can sleep tonight  
Knowin' it's alright  
I believe that you are listening to my song  
You are with me  
'Cause you're with me  
You've been here all along  
You've been here all along  
Yeah
