

Jekyll & Hyde

Plumb

You remind me of a cigarette
You burn up slowly and then go out like that
You make it harder for me to breathe
You make my head hurt, you make my skin stinkSo why don't you, leave me alone
Or say you were wrong?'Cause I don't wanna hide
I need the tears inside to dry
I want more than just to try and love you
Jekyll and Hyde
Well, it's not easy for me to be
Somebody different, somebody else but me
But Joe the actor, the extraordinaire
You make it look like I'm the crazy one hereSo why don't you, leave me alone
Or say you were wrong?'Cause I don't wanna hide
I need the tears inside to dry
I want more than just to try and love you
Jekyll and HydeWell, I am willing to forgive
Are you willing to take ownership?
'Cause I'm so willing to forgive
We're only given one chance to live
'Cause I don't wanna hide
I need the tears inside to dry
I want more than just to try and love you
Jekyll and Hyde
